Narrative: Thank you!

Two little words, that can mean a huge amount.

At Coram, we constantly receive thank you messages from children and young people whose lives have been changed with the help of supporters like you.

We are making over 275 years of thank yous since Thomas Coram founded the charity.

So we wanted to share the voices and messages of children and families you have helped and say – you really do make a difference.

Woman: When we were told we could adopt Billy, it was a big moment. We were now 'Mummy and Daddy'.

Boy: Mummy, I think there's an invisible thread between us, because you always know what I'm feeling, even when we don't say anything. I think it's magic.

Young person: Coram go the extra mile and they are pretty special.

Parent: Creative Therapy is such a great opportunity. We never had support like this in my day.

Boy: When I'm here I don't feel so stupid.

Pre-teen: It was time for me and I got better and more confident.

Young person: Yeah, when I first came to Coram I was, I was in a dark place 'cos I was on my own. They've showed me how to go from a boy to man because living on your own is not easy.

Young person: If you are 16 and leaving care, you often don't know who to turn to. Coram is there to give young people that step up. And to give hope.

Young person: Coram helped me so much. When I moved into the house I was so shy. My support worker and other staff helped me build my confidence.

Girl: If we have something on our minds they are there for us.

Young person: I just wanted to thank Coram for being there and supporting me through my difficult times and being there when I was happy. I wouldn't be myself and be the person I am today if it wasn't for Coram.
